Hi Ms. Ochoa,

As I understand you have decided to hold off your agency's investigation of the Trump Hotel at the Old Post Office in D.C.

I wanted to let you know that I believe this is a poor decision and sends a signal that corruption will be tolerated

Please investigate to the full extent of
the law as President Trump and his

Dear Sir,

Regarding the Trump Organization's lease on the Old Post Office Building:

As an American citizen, the Old Post Office building belongs to us.
In our behalf and in good faith, the GSA leased the property to the Trump Organization.

Now it seem inevitable, Donald Trump will violate that lease on January 20th 2017.

We the American people demand that the GSA enforce the terms of that lease, specifically the provisions that states,

"No member or delegate to Congress, or elected official of the Government of the United States or the Government of the District of Columbia, shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom."

There is no ambiguity in the terms and there is no recourse.
The GSA is legally obligated to cancel the lease!

Hi yes I am writing about President-elect Donald Trump's lease for the old post office building. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Subject: appeal re: Old Post Office Lease
Date: 12/22/2016 10:24 PM

Dear GSA & OGE Leadership:

I'm writing for two reasons:

1. To say thank you for the important services you provide to Americans. We largely take for granted the conveniences and quality of life afforded us by responsibly-managed government infrastructure and services.

I've supported the nonprofit sector for 10 years and guided several medium-sized organizations through state and federal audits (among many other duties primarily related to fundraising and development). During ARRA I was excited to see new standards for accountability in managing federal, state and county funds. I said (and say) no to grants that weren't a good fit, and insist that partners follow the rule and spirit of laws & guidelines. I've done turnaround work in many nonprofits and strive for excellence.

My ethics cost me a job I loved, as Development Director in a community action agency, when I stood up to a new Executive Director who rewarded inexperienced friends with jobs at high salaries and misspent ARRA funds that were meant to lift low-income families out of poverty. (b) (6), (b) (7)(C) bullied a few members of the board in a secret executive session, firing me without disciplinary action or appeal; at will termination of a whistleblower. (b) (6), (b) (7)(C) was cold to my plight and vengeful, even fighting successfully to deny me unemployment, in spite of a great track record at the job. Sound like someone we now all know?

Now that you know I understand sacrifice and public service, as well as terrible leadership, here's my next reason for writing:

2. To ask you in the name of all that is sacred and honored, DON'T allow Donald Trump to keep the Old Post Office lease. You must know his business philosophy is "Say whatever I need to; do whatever I want". Hasn't he already overstepped boundaries and ignored guidance and agreements related to the lease provisions?

We all have to stand up to "Trumpism" – and I believe his ridiculous insistence that conflict of interest laws don't apply to him is a clear and early example of the strategies and tactics to come (though it is absurd that we don't include the President explicitly; that also needs to change).

I doubt he will give up the Presidency, so he must release his full tax returns and divest (with his family) of managerial duties and oversight of the OPO. If allowed, he would crush American institutions, order, law, parklands, research, social safety net programs, civil rights & historic buildings in his despotic quest for enrichment, power and favor.

Please stop this. Make him choose. You can protect this historic facility and the integrity of the federal contracting process by not giving him a chance to destroy the Old Post Office and start a reign of corruption in a comfortable victory palace. Let a more qualified company without conflicts of interest manage and protect this great national treasure. It is ours.

Thank you for your time and service.

In solidarity,

(b) (6), (b) (7)(C)

Dear Ms. Ochoa,

I am writing to ask that the GSA terminates the lease it has with the Trump organization for the Old Post Office in Washington DC, now the Trump International Hotel. The lease states clearly that "no member or delegate to Congress, or elected official of the Government of the United States or the Government of the District of Columbia, shall be admitted to any share or part of this Lease." President Trump has a 76% ownership share in the hotel, and as an elected official, is clearly in breach of the terms of the lease.

As an architect who has led many public-private partnerships involving federal properties, it is critically important that leases and contracts that the GSA negotiates with private partners follow the rule of the law. Corruption starts when those in position of power are treated differently than others. The President now stands to benefit by making decisions about the terms of a lease that he now controls both sides of. If the GSA does not terminate this lease, then all its future contract decisions and awards will be viewed with suspicion and its potential private partners and the public will lose faith in the GSA's impartiality.

Sincerely yours,

I am a retired federal lawyer. I saw this article in Government Executive.

According to the article, the lease states, "No ...elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..." It already appears that diplomats and other interested parties are booking rooms to curry favor. This is intolerable. In my entire career of working for the government, this is one of the most significant conflicts of interest, I've ever seen.

As a deeply concerned citizen, I ask that GSA terminate Trump's 60-year lease of the post office pavilion where Trump hotel is located.

Subject: Trump Lease conflicts of interest -terminate lease immediately
Date: 01/24/2017 04:46 PM

The new Trump Hotel, opened by President Trump in Washington, D.C., is leased to him by the federal government. There's a clause in the lease that says no elected official can have an interest in the hotel. I urge General Services Administration to terminate this lease.

Describe your complaint by answering the following questions: Who did it? Include names, addresses, and phone numbers of individuals or GSA contractors involved.: Trump Old Post Office, LLC, as lessee. Julia E. Hudson, Regional Administrator, National Capital Region, acting on behalf of GSA as lessor.

When did it happen? Trump Old Post Office, LLC will breach the lease on the historic Post Office Pavilion when Donald Trump is officially sworn in as President of the United States on January 20, 2017.

Which GSA program or office was involved? GSA, National Capital Region.

What did they do that was wrong and how did they do it? Please describe the behavior or event in as much detail as possible.: The above-referenced lease contains the following clause-- No elected official of the Government of the United States shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom. Once he takes the oath of office on January 20, 2017, President-elect Trump will be an elected official of the Government of the United States. To allow him to any share or part of the lease or to any benefit arising therefrom would be a clear breach of the lease.

Do you have first hand knowledge of the event? No

Where can we obtain evidence of this event?

Who else knows about the event and how do they know? Julia E. Hudson, Regional Administrator, National Capital Region, who apparently signed the lease on behalf of the GSA.

Please provide us with your telephone number and any special instructions about contacting you during the day or names and telephone numbers for anyone else who can corroborate the allegations.: (b) (6), (b) (7)(C)

Subject: Trump Hotel lease

Dear Ms. Roth and Ms. Ochea,

I am about writing President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars and our government integrity if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA end its business relationship with Donald Trump and his family because it will otherwise be in direct violation of the terms of the lease, and because it presents a conflict of interest that threatens our democracy.

The contract language is clear "No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."

Soon the new administrator of the agency will be appointed by Trump so this will present an even greater conflict of interest. GSA employees will have a difficult time handling the Trump lease and will be conflicted between their duty to protect the interests of the building's landlord, the taxpayers and the government, and their GSA administrator. The term of the lease as quoted above was included for this exact reason.

To allow this lease to continue with Donald Trump or any business entity in which he has a financial interest as lessee presents a clear conflict of interest and a clear violation of the lease terms, and I am asking that as an independent agency, the GSA perform its duty to the taxpayer and terminate the same.

Sincerely,

Winthrop, WA

I strongly urge the GSA to terminate the 60-year lease of the post office pavilion where Trump Hotel is located. The lease terms clearly require GSA to take action when a government official, or even his children, are involved as the President-elect is. In addition, this is an ethical imperative. Honoring the letter and intent of the lease requirements is essential to maintaining the rule of law. The absence of appropriate strong action will severely undermine trust in the integrity of GSA and our government.

Carol F. Ochoa

Dear Ms. Ochoa:

The GSA mission states "GSA provides the best value for government and the American People". Integrity is part of this "best value" vision, and the GSA invests significant effort each year with the parties to its contracts to achieve compliance with integrity and laws.

Being part of the "American People", I urge you to maintain this integrity and compliance and stay true to the GSA's own mission by **immediately rescinding the lease of the D.C. Old Post Office by the Trump Old Post Office, LLC for breach of contract.**

I thank the GSA for the transparency in the GSA's announcement of January 27th. The conditions of Section 37.19 are crystal clear: Donald J. Trump is both an elected official of the US Government AND retains an ultimate ownership share in the Trump Old Post Office LLC – however much the ultimate ownership may be obfuscated. No mechanism has been put in place to divest Donald J. Trumps ultimate ownership, and the attempt to place his ownership in his assets into a trust overseen by people other than himself does not heal the conditions of Section 37.19.

The literal and correct interpretation of the contract language requires courage of you and your team, and I encourage you and your teams to do what is right for the integrity of the GSA's operation. If the GSA is not enforcing such a crystal-clear contract provision with one of its more public contracts, the GSA opens itself to challenges on its contract provisions by other contract parties who happen to not be the supervising authority of the GSA. It continues to expose the highest office of the United States to the corrosive challenge of self-dealing, and opens the GSA up to the pressure to enter into additional corrosive contracts with members of the Trump family or their business circles that violate the principles of integrity that the GSA has fought hard to maintain.

Thank You for remaining transparent with the American People and Congress in the process to make the final determination. I look forward to a GSA announcement that complies with the GSA's own mission, it's values, and its own contracts.

Kind regards,

Your ruling that affirms as valid the luxury hotel lease contract between GSA and the Trump Organization cannot be accurate. Mr. Trump has not adequately separated himself from his businesses. The idea that he has given control to his sons so he is not involved despite the fact that he still owns these businesses is not credible! There is a clear ban on leases involving elected officials and this is a violation of that ban.

Dear inspector general

I believe President Trump is violating ethics statues with continued involvement in his businesses The D.C. Hotel is a big problem. He is an elected official and is therefore prohibited according from this participation

The last straw for me is using his POTUS account to attack Nordstrom for dropping his daughter's clothing line. He is attacking a US company again which negatively effects that company like others before.

The legislative branch seems unwilling to watchdog the ethics of Trump. I hope You will. The US demands and deserves ethical politicians

Thank you

Please Investigate: Trump Hotel Contract Violation is Clause 37.19

That clause reads: "No member or delegate to Congress, or elected official of the Government of the United States or the Government of the District of Columbia, shall be admitted to any share or part of this Lease or to any benefit that may arise therefrom."

Schooner Recommendation: The GSA should terminate the lease before Trump becomes president.

Hello,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you.

Ms Ochoa,

It's come to my attention you are holding off on investigating President Trump's luxury D.C. hotel, which was a direct conflict of interest upon his inauguration since the lease is held by the govt, and now the tenant IS the govt.

I insist the investigation commence immediately and be thorough. The hotel is now in

direct violation of a clause in its lease that bars any "elected official" from receiving "any benefit" from the agreement.
